Media Release

## ASX listing today for RGM Media Ltd Global media and entertainment business

RGM Limited (ASX:RGM) is pleased to announce that it lists on the Australian Securities Exchange today following the successful completion of its \$4 million capital raising.

Chairman and Chief Executive Officer, Mr. Devesh Chetty said, "We are pleased to have completed the equity-raising in such a volatile and challenging market.

"The support we have received from investors in Singapore and Australia reflects the confidence the market has for the media and entertainment sector.

"Equally it demonstrates support for RGM's business model aimed at generating healthy returns from artist management and executive production.

"We have a track record of almost 30 years in artist management in Australia, and have represented some of the leading professionals in the global entertainment industry for many years.

"Now that the listing process is complete, we have a number of attractive opportunities to continue growing the company through exciting new projects that the Board believes will take RGM through its next phase of growth.

"Further, RGM's successful capital raising allows the company to secure the rights for the *Point Break* franchise, and advance production of event and reality television projects.

"We can now also take advantage of the commercial synergies offered by becoming a full-service provider across all aspects of media and entertainment production.

"RGM looks forward to an exciting year ahead and is well positioned to grow shareholder value," Mr. Chetty said.
